MODEL 8800

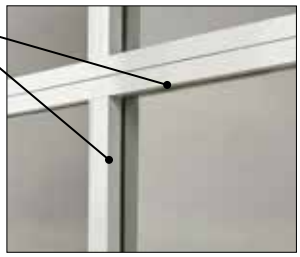
West Region Availability

CONTEMPORARY ALUMINUM

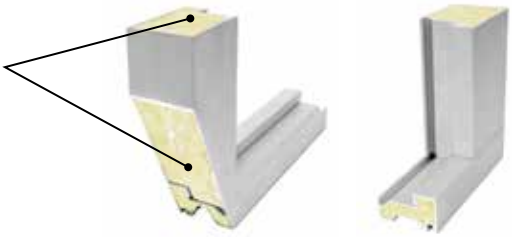
Black anodized aluminum, White Laminated glass

DOOR FEATURES

Aluminum rails and stiles are designed with non-beveled edges and straight lines to create a true contemporary style.



Optional polyurethane insulation adds R-value* of up to 4.36.



*Wayne Dalton uses a calculated door section R-value for our insulated doors.

Tongue-and-groove joints provide a great weather barrier.

Flexible vinyl bottom seal helps prevent dirt and elements from entering your garage.

Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring.

Reinforcing fins on all top sections and as needed on intermediate sections, provide years of smooth, trouble-free operation. (The fins are the extruded part of the door section that are not visible through the glass).

Model 8800 offers a five-year limited warranty on the aluminum and one-year limited warranty on the glass.
See full text of warranty for details.
